NUMBER 7.

REORGANIZATION BILL

Provisions of the Measure Prepared By Secretary Root.

INCREASE OF DEPARTMENT ROSTERS.

President May Authorize Enlistment Of Natives of the Philippines And a Porto Rican Regiment Is Also Authorized.

Washington, Nov. 30.—Secretary Root's army bill provides for a lieutenant general, six major generals and 15 brigadier generals. The number of captains, first lieutenants and second lieutenants of the cavalry and infantry, is increased from 12 to 15 for each regiment. Three of the captains shall be available for detail as adjutant, quartermaster and commissary; three first lieutenants for squadron and battalion adjutants, and three second lieutenants for squadron and quartermasters and commissary. Provisions for the discontinuance of the artillery arm as at present organized is made by organizing an artillery corps known as coast artillery and field artillery. Officers of artillery are to be placed on one list for promotion according to seniority. The corps will have a chief of artillery detailed from the colonels and while serving in this capacity will have the rank and pay of a brigadier general. There will be in addition 13 colonels, 13 lieutenant colonels, 39 majors, 182 captains, 198 first lieutenants and 192 second lieutenants. The captains and lieutenants when not required for duty with batteries will be available as staff officers during garrison. Each battery of coast and field artillery shall be organized as at present. The increases in the artillery shall be 20 per cent each year for five years until the maximum of 18,920 men is reached.

The adjutant general will have the rank of major and his corps is increased one lieutenant colonel and 10 majors. The inspector general's department is increased one lieutenant colonel and six majors. The judge advocate's department is increased one colonel and three majors. The quartermaster's department is increased two colonels, one lieutenant colonel, four majors and 24 captains. To fill the grade of captain, volunteers not over 36 years old may be appointed. The subsistence department is increased one colonel, one lieutenant colonel, one major and 13 captains. The medical department is increased two colonels, two lieutenant colonels, 10 majors, 117 captains and first lieutenants. The pay department is increased one colonel, one lieutenant colonel and the number of majors is fixed at nine instead of 20 as at present, with 27 captains. The majors in the pay department at present will hold that rank, but no promotions are to be made until the number of majors is reduced below nine. To fill the vacancies of captains men serving as additional paymasters volunteers not over 40 years old may be selected. The engineers' corps is increased five captains, fourteen first lieutenants and 21 second lieutenants. Promotions are to be made by seniority and vacancies are to be filled from the regular army. The ordnance bureau is increased one lieutenant colonel and seven first lieutenants. The signal corps is increased two majors, four captains, nine first lieutenants and during the present emergency the president is authorized to continue for duty in the Philippines 10 first lieutenants and 10 second lieutenants as volunteer signal officers.

All the promotions in the staff created under the act are to be made from the present staff corps and when vacancies occur by retirement or otherwise, the promotions shall be made by seniority. Vacancies that cannot be filled by such promotions are to be filled by detailing line of the army, the details lasting four years, after which the officer shall not be available for staff duty until he has served two years in the line. It is provided also that officers below the grade of lieutenant colonel in any of the above named departments shall serve one year in the line, but shall not lose their places in the staff corps. Provision is made for the retirement of any officer who has been suspended from duty. This would apply to General Eagan, commissary general.

The president is authorized to enlist and organize natives of the Philippine islands in organization similar to the cavalry and infantry to the number of 12,000, the officers for such organizations to be selected from the regular army. The highest officers in command of the natives shall be majors. When natives by their service and character show fitness for command the president is authorized to make provisional appointments in the grade

of second and first lieutenants. A regiment of Porto Ricans is authorized.

Fire in the Treasury.

Washington, Nov. 30.—At 11:30 a. m. fire was discovered in the files room on the third floor of the treasury department. It was extinguished before serious damage was done. The room is used by the auditor for the interior department, and some temporary supplies used in the office were damaged. The cause of the fire is not definitely known, but is supposed to have been from spontaneous combustion or a defective flue.

SALOONS IN MANILLA.

Graded Licenses Reduce the Number. Soldiers Refused Vino.

Washington, Nov. 30.—The division of insular affairs of the war department has published a statement relative to the liquor traffic of Manila. It shows that the American authorities have increased the license fee from \$4 for each saloon to \$600 for saloons of the first class, \$250 for those of the second class, \$100 for third class and \$50 for the last class, selling only beer and light wine and located outside of the business district. The sale of the native drink, vino, has been forbidden to soldiers, as it is most harmful in its effects upon them. There were only 155 licenses outstanding June 30, a decrease of 69 since the American licenses began. The barrooms are more orderly and keepers more careful in sales to drunken persons and in observing the opening and closing hours. No discharged American soldier holds a license. Spaniards hold 66 licenses, Americans 23, Filipinos 26, negroes 2, Chinese 8, Japanese 3 and persons of unknown nationality 27.

RAN THE GANTLET.

Mormon Missionaries Given a Rough Reception in Hungary.

Vienna, Nov. 30.—Advices received from Temesvar, South Hungary, record the rough treatment received there by two Mormon elders, emissaries from Salt Lake, Utah. The two elders had hardly commenced to enunciate their views on polygamy when the audience stormed the platform and ejected the pair from the hall. One of them was compelled to run the gantlet of 300 irate citizens armed with sticks, straps or knotted cords and shod with hobnailed shoes. He was afterwards stripped to the waist and thrashed by half dozen matrons of Temesvar. The second Mormon was ducked in a horse pond. Finally the two elders were rescued by the police. The minister of the interior has prohibited further Mormon attempts to proselyte as being a danger to the well being of the state.

Davis in State.

St. Paul, Nov. 30.—The mortal remains of the late Senator Cushman Kellogg Davis which lay in state in the governor's room in the capitol, were viewed by hundreds of people Friday, who silently filed through the room in a constant stream. The catafalque was draped with the national colors and the coffin was surrounded with floral tributes. At its head, on an easel rested an oil portrait of the dead statesman; at the foot, the sword he carried through the civil war. The assemblage of people, representing all classes of society, passed slowly by the open coffin to take a last look at the man who had honored his state while serving it. The funeral services will be at 11 a. m. Saturday.

Galveston Harbor.

Fort Worth, Tex., Nov. 30.—The two days' conference of leading representatives of the state for the purpose of devising means for the restoration of Galveston's deep water port and further protection of the harbor opened here Friday. Resolutions will be adopted calling for national and state aid. Committees will be chosen to present a memorial to congress and the Texas legislature.

Shopping in Gotham.

Washington, Nov. 30.—Mrs. McKinley, accompanied by Comptroller and Mrs. Dawes and Dr. Rixey, left for New York in a special car attached to the 10 o'clock train of the Pennsylvania railroad. They are on a shopping tour and expect to return to Washington early next week.

New Incorporations.

Columbus, O., Nov. 30.—Cincinnati Nut, Lock and Manufacturing company, Cincinnati, \$10,000; McArthur Coal company, McArthur, \$20,000; Standard Improvement company, Cambridge, \$50,000.

Sympathy of French Senate.

Paris, Nov. 30.—The senate Friday unanimously adopted a resolution of sympathy with Mr. Kruger in the same terms as the resolution of the chamber of deputies.

Livadia, European Russia, Nov. 30.—The improvement in the condition of the czar continues.

RUSSELL MUST RETIRE

No Place in the Army for the Son of Ex-President Harrison.

HIS COMMISSION EXPIRES SATURDAY.

Personal Appeals to the President by Friends and Recommendation of The Highest Commanding Officer in the Army of no Avail.

Washington, Nov. 30.—Lieutenant Colonel Russell B. Harrison, a son of former President Harrison, will cease to be an officer in the army Saturday, Dec. 1. Earnest representations of friends and personal appeals made to the president and secretary of war failed and he will be discharged in accordance with the terms of the orders issued while Secretary Root was in Cuba. This action is taken in spite of the favorable recommendation of Brigadier General J. C. Breckinridge, inspector general, who is chief of corps of which Lieutenant Colonel Harrison was a volunteer member, and it is understood that Lieutenant General Miles favored his retention. The president decided, however, that the action of the war department was justifiable and Lieutenant Colonel Harrison must go. In explanation of the determination of the president and Secretary of war to drop Lieutenant Colonel Harrison from the service, a high official of the war department said that he had been in service longer than any other of the sons of the noted men appointed during and subsequent to the war with Spain. James G. Blaine, Stewart M. Bruce and others of prominent families were discharged months ago. Lieutenant Colonel Harrison, it is further said, has shown no special aptitude for the army and as the department of Porto Rico, to which he was attached, was recently abolished there was no further need for his services.

Morrison Murder Trial.

Eldorado, Kan., Nov. 30.—The trial of Jessie Morrison, charged with the murder of Mrs. Olin Castle, began in earnest Friday when at the opening of the court prosecuting Attorney Brumback stated the case for the state. The courtroom was filled with spectators, the majority of whom were women. The Morrison family, the Castles and the Wileys were all present. Mr. Brumback stated the prosecution expected to show that Jessie Morrison went to Mr. Castle's house prepared to murder Clara Wiley Castle. They would show, he said, that the prisoner went armed with two razors, or a razor and a knife, and that she attacked Mrs. Castle, inflicting 18 wounds, through passion, jealousy and anger, malice and hatred against Mrs. Castle and her husband, and the state would ask for a verdict of murder in the first degree. A. T. Kramer stated the case for the defense and said he would show that Miss Morrison had cut Mrs. Castle in self defense after the latter had attacked her. It was announced that the state and defense would present a total of 115 witnesses to be examined. The taking of testimony was then begun, the state calling Mrs. Bettie Moberly, the first person who entered the Castle home in response to Mrs. Castle's cries for help.

Rubber Republic Crushed.

Washington, Nov. 30.—Announcement of the existence of the Acre republic and the news of its extermination came almost simultaneously. It was declared in December, 1899, and crushed in August, 1900. A recent Denver dispatch announced that Acre had sent a minister to this country. If the minister has come in good faith, he is doomed to disappointment. The republic of Bolivia has conquered his country and wiped out its short-lived government. This statement is made by the Bolivian minister to the United States, Senor Don Fernando B. Guachalla, who has returned to Washington preparatory to establishing a legation. The lack of information about the short history of the republic of Acre is due chiefly to its remoteness from settled parts of South America.

Meeting Postponed.

Washington, Nov. 30.—Chairman Payne has withdrawn the call for a meeting of the ways and means committee Saturday to consider the bill for reducing the war revenue, on account of the absence of Representatives Grosvenor and Tawney, who have gone to St. Paul to attend the funeral of Senator Davis, and the unavoidable absence of Representative Steel. The meeting may be held Tuesday. The members of the subcommittee, Messrs. Payne and Dazell, had a conference with Speaker Henderson and afterward with Chairman Aldrich and Senator Allison of the senate finance committee concerning a program for pushing the legislation. No definite conclusion was reached.

ing the legislation. No definite conclusion was reached.

Father Muldoon's Prospects.

Chicago, Nov. 30.—It is now certain that the Rev. P. V. Muldoon, pastor of St. Charles Borromeo's church, will be raised to the purple as soon as he returns from Europe. This means that Bishop McGavick, the present auxiliary bishop of Chicago, has resigned and that he will be replaced by Father Muldoon.

SAN FRANCISCO'S HORROR.

Men and Boys Fall Through a Roof Upon White-hot Furnaces.

San Francisco, Nov. 30.—Not in the history of this city has an accident happened approaching in horrible details that in which more than 100 men, and boys, who were viewing the Stanford-California football game from the roof of an adjoining glass manufactory were suddenly precipitated into the interior of the building, many landing on the white-hot furnaces. The ventilator annex to the roof, on which they were perched, collapsed under the strain and without warning 17 persons were hurled to their death. The injured in hospitals or at their homes number 83 and of these several cannot survive.

Nearly all of the fatalities were caused by the force of the fall; in only a few cases, was contact with the furnaces the immediate cause of death, for ready hands quickly dragged into the open air, those who were in danger of being burned alive. Charles Yost, oven man of the glass works, was raking the fire when the crash came and narrowly escaped being struck by the falling bodies. He says those killed either struck the heavy bands that surround the glass oven or were crushed by those who fell on top of them.

Many succeeded in staying their descent for a moment by clutching the broken beams, but before they could be reached they were obliged to release their hold and drop to the floor 45 feet below. Clarence Juter, a furnace tender pulled eight people off the top of the retorts, where the heat was about 500 degrees. The oil pipes were full and the fire did not go down until they were emptied. Some of the men and boys were terribly burned. While aiding in removing the dead and wounded, T. J. Parker, a fireman, found his own son among those injured. The lad will probably die.

The managers of the glass works state that it was impossible for them to keep the people off their buildings. They disclaim all responsibility for the accident. It is estimated that over 300 people were on the ventilator when it collapsed for its entire length of 100 feet. Some were thrown to the main roof of the building and escaped unhurt, but of those who fell to the furnaces, nearly all were either killed or seriously injured.

Naval Militia.

Washington, Nov. 30.—Lieutenant Commander W. H. H. Southerland, the officer in charge of the naval militia, has made a special report to the navy department upon the operations of that organization during the past year. Twenty states are shown to have an organized naval militia, comprising in all 567 officers and 5,309 petty officers and enlisted men. The naval appropriation act allotted the sum of \$50,000 for the militia of which \$57,000 had been distributed among the 20 state organizations. Lieutenant Commander Southerland sets forth an array of facts to make obvious the absolute necessity of a national naval reserve, in addition to the present militia organizations, calling particular attention to the fact that this proposed innovation is not suggested with any view whatever of displacing the present naval militia.

Called on the Queen.

London, Nov. 30.—The members of the Royal Canadian regiment who have just returned from South Africa were enthusiastically received by the people of Windsor. The soldiers proceeded to the castle and were reviewed by the queen in the quadrangle. Her majesty, addressing the Canadians, thanked them for the immense services they had rendered the empire. The officers were then presented individually, after which the queen summoned Private Armstrong of New Brunswick, who lost a leg during the campaign, but who joined in the march on crutches. After the soldiers had been shown over the state apartments, they were entertained at luncheon in the royal riding school.

London, Nov. 30.—Officials of the United States embassy say they have not received any instructions in regard to taking further steps for the release from prison of Mrs. Florence Maybrick, who is under sentence of imprisonment for life on conviction of poisoning her husband.

RECEIVER APPOINTED

John W. Gates Wins His Legal Battle Against A. E. Stillwell.

JUDGE CLACK OF KANSAS CITY NAMED

Stillwell I Says He Anticipated the Outcome and Is Perfecting Plans to Carry Out His Orient Railway Project.

Kansas City, Nov. 30.—Judge Amos Thayer of St. Louis, in the United States district court, appointed Francis M. Black of Kansas City, receiver of the Guardian Trust company, of which A. E. Stillwell is president. The appointment was made in Judge Thayer's decision in the suit brought recently by John M. Gates of Chicago.

The court finds that for the protection of all interests it is best to place the assets of the trust company in the custody of a competent receiver until a final decree shall be rendered, or until some arrangement shall be made among the shareholders which will enable the company to resume its business with adequate capital and conduct it on proper lines.

The petition for a receivership was filed in Kansas City Oct. 23, the day before the stockholders were to have held a meeting to elect a new board of directors. The Gates petition also asked for an injunction to prevent the holding of the meeting. Judge John F. Phillips granted the injunction and set a later date for a hearing on the receivership question. Gates et al. contended that Stillwell took advantage of them in the character of securities placed in a reorganization of the capital. The bonds of the old Kansas City & Gulf railroad (now the Kansas City Southern, in which Gates is interested) figured in the bill and the contention was made that the stockholders were in danger of losing \$1,000,000 if Stillwell were allowed to carry out his plans.

When apprised of the appointing of a receiver Mr. Stillwell declared that he had expected the action and was already preparing to form a new company which would finance the Kansas City, Mexico and Orient railway, which he is promoting.

Cabinet Meeting.

Washington, Nov. 30.—For the first time in many months all the members of the cabinet were present at Friday's meeting. Much of the time of the meeting was given up to listening to Secretary Root's account of his Cuban trip. Secretary Hay explained briefly the new features of the Chinese situation, which, however, were not of much importance. The fire at the treasury department led to a discussion of the advisability of establishing a hall of records. The question of appointing a commissioner of internal revenue to succeed the late Commissioner Wilson came up during the meeting and it disclosed the fact that Joseph H. Manley of Maine would probably be an applicant for the place. Owing to the deaths of Senators Davis and Gear, the president's message probably will not be transmitted to congress until Tuesday, Dec. 4.

Oom Paul's Quiet Day.

Paris, Nov. 30.—Mr. Kruger remained in doors, engaged in consultations with his advisors and receiving callers until shortly after 1 o'clock p. m., when accompanied by Dr. Leyds and the usual military escort, he called on M. Fallieres, president of the senate. The interview lasted 10 minutes, after which Mr. Kruger returned to his hotel. He will leave Paris Saturday at 10:45 a. m. by special train for Cologne.

Looking Forward.

Washington, Nov. 30.—The president and Speaker Henderson had an extended private conference Friday. They took a long drive together at which it is understood the program of the coming session of congress was discussed. A large number of senators and representatives awaited the president when he returned. The cabinet had already assembled and they left without the president seeing him.

Football Player's Fate.

Johnstown, Pa., Nov. 30.—Trumbull Kelly, left tackle of the local football team of this city, died Friday as result of an accident received in Thursday's game with the Indians in the state normal school team. Kelly was a Yale graduate and was employed as draughtsman by the Cambria Iron company.

Silk Manufacturer Assigns.

Allentown, Pa., Nov. 30.—Frank Wellbacher, silk manufacturer employing 50 hands, assigned. Assets, besides the mill property, consist of \$90,000 worth of raw silk and finished goods and \$75,000 of claims held mostly in New York city.

SECRETARY OF WAR ROOT has prepared a bill to be introduced in Congress calling for a standing army of 96,000. Why not make it 100,000 and be done with it? It will require them all to look after the Philippines.

FUGITIVES-FROM JUSTICE W. S. TAYLOR and Charles Finley are said to have received assurances from Governor-elect Durbin, of Indiana, that he will not honor requisitions for them. Well, time will not bar their prosecution, and they will have to stand trial sooner or later.

Fig Chicken Ranch Near New York.

[Exchange.]
 New York is soon to have in its vicinity the largest chicken ranch in the world, at Manassquan, N. J. A company has secured a tract of 360 acres of land to conduct a giant hen industry, conducted on scientific methods. The company says its promoters intend to control the New York market for "guaranteed" fresh laid eggs. They will, they say, deliver them to customers within 24 hours after the eggs are laid. The city of New York last year paid \$20,000,000 for eggs, most of them being more or less stale, the consumption being 100,000,000 dozen. The first years output of the new chicken ranch now being laid out will be 300,000,000 eggs. This will be the product of a laying herd of from 150,000 to 200,000 chickens. The establishment is being planned to increase to double that amount. The fowls will be herded under the system invented by J. R. Benson, a New York authority on everything pertaining to the hen and her product. Mr. Benson is the general manager of this gigantic concern, which will be the largest in the world.

Extensive Versus Intensive Farming.

[Exchange.]
 When a man rents a farm and in the effort to see how many acres he can skin over succeeds in raising a crop of twenty-five bushels of corn or oats to the acre it represents the poorest type of farming to be found, as well as the minimum of production of which such land is capable. Between this type of agriculture and an intensive method of using the land, where each acre shall be made to produce a crop of the value of \$100, lies the field where agricultural education can get in its work. It will be a great thing for the interests of agriculture when, instead of the cry for more land and more acres to cover, men shall become interested in seeking how best to increase the productiveness of the acres they now have.

Mrs. Annie Jenness Miller, of Washington, D. C., makes the prediction that the man of the future would return to the gay-colored and bespangled knickerbockers and the lace-laden waistcoat of the gentlemen of colonial times. She does not predict that the American man will use such apparel for every-day clothes, but thinks it will displace the "conventional black," in such common use in the society of the present time, which she considers too somber and staid to satisfy the gentleman of the future, who is to be a lover of art. Mrs. Miller would have all men discard long trousers, and considers the golfing costume a good business suit.

Monthly meeting of City Council next Monday night.

Washington, Nov. 30.—The division of customs and insular affairs of the war department has prepared for publication a statement showing that the total receipts from customs sources in Cuba for the 10 months ending Oct. 31, were \$13,215,499, while for the same 10 months of 1899, they were \$12,120,991, an increase in 1900 of \$1,094,507.

A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful stomach, liver and kidney remedy. Cures dyspepsia, loss of appetite. Try it. Only 50c. Guaranteed. For sale by J. Jas. Wood & Son, druggists.

JUDGE THOMAS MENTIONED.

The Lewis Countian May Be Appointed Commissioner of Internal Revenue—Judge Pugh for Solicitor.

WASHINGTON, Nov. 28.—Representative Vincent Boreing called at the White House this morning, but the President was very busy, and Judge Boreing, being admitted with several others, did not mention the commissionership of internal revenue. After receiving the President's congratulations on the Republican majority in the Eleventh district (no mention was made of the majority in the State) an engagement was made for Friday morning, and Judge Boreing will return on that date and present Mr. John W. Yerkes' name.

Judge George M. Thomas, the Solicitor of Internal Revenue, is said to-night to be a candidate for the commissionership, and in case of his appointment Representative Pugh could then step in and take the position now occupied by Judge Thomas. This report is believed to be correct, so far as the intentions of Solicitor Thomas and Representative Pugh are concerned. The fact, however, that Representative Boreing has come out strong for Mr. Yerkes on the ground that he is the only Kentuckian who can possibly win the fight, will probably force in line all others who may have had the intention of applying for the position. It is believed that Senator Deboe will see the futility of supporting any one other than Mr. Yerkes, and, contrary to his usual custom, will not be found in the Thomas-Pugh combination. In this event Representative Pugh will at some future time take the position now occupied by Judge Thomas as was originally intended.

Representative Pugh told a friend to-day that he had not decided exactly what course he would pursue regarding his contest, which would seem to indicate that Mr. Pugh has not yet made up his mind whether or not there was fraud in the Ninth district. Mr. Pugh added that the Republican chairmen of the county committees were now making investigations, and he would likely be guided by their advice.

A COMMON ERROR.

The Same Mistake Is Made by Many Maysville People.

It's a common error
 To plaster the aching back,
 To rub with linament rheumatic joints
 When the trouble comes from the kidneys.
 Doan's Kidney Pills cure all kidney ills,
 And are endorsed by Maysville citizens.

Mrs. E. J. Thompson, of 911 East Second street, says: "Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and speaks in high praise of their curative power. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively as did Doan's Kidney Pills is a most desirable one of which to know."

Maysville Pastor in a Successful Meeting.

[Owenton News.]
 The meeting at the Owenton Baptist Church is a very successful meeting and before the close thereof many souls will likely be converted. Rev. Porter is a man of extraordinary talent and power; his flights of beautiful rhetoric at intervals throughout his sermon reach the sublime and enable him to draw very near his audience. While his sermons in style are rather dramatic, yet they are practical, making quite a pleasant combination. He is broad-minded, and a logical speaker, vigorous in health, and pleasant in companionship. Large audiences are greeting Dr. Porter and before the close of the meeting it is feared the house will be too small to comfortably seat his hearers. The business men of the town have closed their places of business in the morning from half past 10 to half past 11 o'clock out of respect to the meeting.

PEDESTRIAN

SKIRTS

A woman's wardrobe is incomplete without a pedestrian skirt. Have you learned the comfort, freedom, smartness of one yet? If not here's a chance to find out easily. Pedestrian Skirts of melton—oxford, black and gray mixtures; five gores, lapped seams, heavily stitched band at bottom, inverted plait back. Without doubt the best skirt value anyone or even we have ever offered for \$5.

If You Fear Temptation

Keep away from our Glove counter. We have dollar Kid Gloves that would tempt a miser. With some dealers a dollar glove is simply a pair of gloves for one dollar. With us it means the best glove on earth for the price. If you want them for your own use or as a Christmas offering you can safely buy here. Three qualities—FEDORA \$1. Peerless \$1.50. MAJESTIC \$1.75.

Pillow Tops.

To tempt Christmas workers we've halved prices. Tapestry tops—24-inch square—green, blue, terra cotta. Were 30c. Now 15c.

Your Cloak Needs

Should be looked after here. In spite of the warm fall we have done, so far this season, the largest Cloak business in our history. It goes to show that we are giving the best values for the least money; that the styles and materials of our garments are right up to date. Splendid Castor Jackets at \$3.95. Special leaders at \$6.95 and \$9.95. Black Kersey Jackets at \$4.25 and \$5.49, advancing by easy stages to \$15. All of our Jackets, even the cheapest, are lined throughout. For the little ones there is a select stock of Reefers from \$1.75 to \$8.50, most of 'em made with the new loose backs. Ladies' Automobile Jackets, plush and cloth Capes, Collarettes and Boas in great profusion. It will be to your interest to investigate.

The Linen Stock

was never so large as at present. You'll need linens for Christmas—either for your own use or for gifts. Better buy them now. We never misrepresent. We will tell you which are part cotton and which are all linen. Splendid values in bleached Table Linens from 25c. to \$1.25 the yard. Linen Huck and Damask Towels from 10c. to \$1 each. Linen Napkins and Doilies from 50c. to \$4.95 the dozen. Linen ten-quarter Sheeting at 65c. and \$1 the yard. Red Table Linen from 19c. to 89c. the yard. And an immense stock of Linen Crashes that we have not the space to tell you about in detail.

HANDY WITH THE PEN.

Burden, the Convicted Check Worker, Wanted at Other Points on Charges of Forgery and Passing Forged Checks.

F. E. Burden, who was convicted here this week and given a two-year sentence for passing a forged check on Mr. John O'Keefe, was, it seems, rather too handy with his pen before he came to Maysville.

Chief of Police Donovan is in receipt of information that Burden is wanted at Paris, Lexington and Huntsville, Ala., and also at some point in North Carolina on charges similar to that for which he stands convicted. At Lexington Burden worked his scheme on an ex-Chief of Police. The ex-officer came down a few days ago to take a look at the fellow who was sharp enough to work this old check racket on him.

The following dispatch to the New Orleans Times-Democrat gives some of Burden's history and tells of his doings at Huntsville:

HUNTSVILLE, Sept. 1.—W. E. Burden, formerly a soldier of the Tenth United States Infantry, has disappeared from Huntsville. Burden leaves a handsome young wife. Previous to his departure he forged Sam W. Lowrie's name to a check for \$35 and had it cashed at Wm. Brock's store. Burden was last seen Wednesday night. On the promise of his wife to pay the amount of the forged check and several other obligations contracted by her husband, no warrant has been sworn against him. Burden was in the Cuban campaign when the Tenth Infantry was cut to pieces. He came to Huntsville with the regiment, and later went back to Cuba. He was honorably discharged several months ago, and went to New Orleans, where he married the lady whom he has deserted in this city. Mrs. Burden is nearly heart-broken over her husband's escapade.

CAREFULLY.

We have now about three weeks left to sell our winter Clothing.

Whilst we have sold more goods during the year than ever before in the history of our business, the unusual mild weather we had this fall and winter finds us overloaded with heavy Suits and Overcoats. We cannot afford to carry them over to next winter. We are going to sell them. They will go, and not stand on the order of going. Quoting prices in newspapers is but a poor index to the public. You know what kind of merchandising we sell,

NOW COME AND SEE WHAT REDUCTIONS WE WILL MAKE DURING THE MONTH OF DECEMBER TO UNLOAD OUR SURPLUS.

The reduction sale will begin December 1st, and will continue as long as the public wants to buy better goods for less money than they can find elsewhere.

DON'T OVERLOOK OUR SHOES.

"PHILIPPINE ITCH"

Is What He Called It, but It Turned Out to Be Smallpox.

VERSAILLES, Ky., Nov. 23.—Smallpox has made its appearance in Woodford County again. William Arnold, a tenant on the farm of Mr. William T. Turner, four miles east of Versailles, and two members of the Stivers family, living near Elm Corner, are sick with the disease. Their cases are mild and they are slowly recovering. They contracted smallpox in Franklin County, at the home of a former volunteer soldier, who had just returned from the Philippines. He was broken out with smallpox at the time, but assured his guests that it was the "Philippine itch."

The Woodford County authorities promptly stationed guards at both the affected houses, and such other precautions have been taken as to almost certainly prevent any spread of the disease.

Pass Him Around.

[Bourbon News.] The public should be charitable, but The News is called upon to mention a case seen at the depot Thursday—a legless man—asking alms with a hand full of money and badly intoxicated. An Interesting Event.

One of the most interesting theatrical events of the season will be the annual engagement of that eminent comedian, Mr. Geo. B. Howard, and the vivacious soubrette, Miss Flora Dorset, with their great company which will appear at the opera house all next week, commencing Monday night, December 3. The play that will be brought out is a grand revival of the beautiful American sensational comedy-drama, made famous some years ago by that sterling actor Mr. Edwin Arden. The piece is full of thrilling climaxes, stirring situations and pure comedy, interspersed with strong specialties. Popular prices will prevail, 10, 20, 30 cents. Ladies free tickets are being issued for the opening night admitting a lady free if accompanied by a person with a paid 30 cent reserved seat ticket. The advance sale is on at Nelson's.

O. H. P. Thomas & Co., Nos. 120 to 124 Market street, Maysville, Ky., sell our "Old-time Bourbon" and "Old Maysville Club Rye" whiskies, direct from our distillery, by the quart, gallon or barrel. These goods are guaranteed pure, and are the finest in the State.

Health and Beauty

For generations women have been taught that "beauty is only skin deep," but, like many proverbs, that will not stand. Beauty is blood deep. There can be no beauty without health. Our grandmothers lived closer to nature than we do, and they were so sheltered by their home life that health and beauty were theirs naturally. Skin foods, freckle lotions and face bleaches were unknown commodities. But there has been a great change in the life of women since then. With broader education and larger opportunities, she has developed mentally at the expense of her health. From the quiet duties of home she has gone forth until now we find her in many avocations of life, which prove too great a tax on her vitality. How sad it is to see the cheek robbed of its color and the eye of its fire. These symptoms nearly always show derangements in the delicate feminine organism. They don't call for bleaches or paints or powders, but for a remedy that will make the afflicted organs strong and well. Wine of Cardui is just such a remedy. Women broken in health and spirit have been made healthy and happy by this Wine. No one should give up to the "blues" until this reliable remedy has been tried. It has proven a blessing to other women and will not disappoint you. It brings that buoyancy of spirit, elasticity of step and lightness of heart which is the corner stone of beauty. A healthy woman is always beautiful.

Westville, February 4, 1890.
I feel that I must say a few words in praise of the Ladies' greatest friend, Wine of Cardui. It is the most wonderful remedy that I ever tried. I have been a sufferer for years, at times being confined to my bed two or three days each month. A friend recommended Wine of Cardui, and since I have taken it I have been greatly relieved. I intend to continue to take it, for I know it is as recommended. I will use every effort to get others to use it. Mrs. MARY E. COOLEY.

A few days ago a Catholic priest walked into the office of the Phoenix Insurance Co. of Brooklyn, at Kansas City, called for the agent, handed him \$500 and asked for a receipt. "I shall give you no name of the man nor his residence," said he. "Twenty years ago he burned his own barn, received the insurance and now begs to return his ill gotten money."
